

## Wheel of Misfortune

Wild Nothing

What awaits behind that door  
Some new brand of heartache 2.0?  
Rave reviews, the world gone mad  
Starring self-doubt as your right-hand man  
Blown a kiss or blown a bubble  
Chewing gum stuck to Verona

Everyone takes  
Their turn at the wheel  
Of misfortune  
Everyone knows  
That love is worth the questions  
Never answered

Look at us, all fools in traffic  
Simple creatures of habit  
Admiration left too long  
A bad taste for such a sweet song  
Hit or miss is here to stay  
Or you'll watch her fade away  
Or you watch her fade away

Everyone takes  
Their turn at the wheel  
Of misfortune  
Everyone knows  
That love is worth the questions  
Never answered

(Everyone, every)  
Everyone takes  
(Their turn at the wheel)  
Their turn at the wheel  
Of misfortune  
(Everyone, everyone)  
Everyone knows  
(That love is worth the questions)  
That love is worth the questions  
Never answered
