

Stuttering

Wild Orchid

The Time Is 3 AM
Don't say "What's Happening"
You're telling lies, you're st-st-stuttering

It's 3AM and I ain't heard a word
Once again, to say what I deserve (Baby)

I'm just about fed up, it's crazy
I'm wondering if you give a f-f-damn

I tell myself, I should turn up the heat
and watch you melt, after the game you can fake me,
like you've done before, baby rest assured
I'm not about to take no more

If you think that you're talking your way out of this
Well it sure is not happening
'Cos I'm sick and tired of all of your st-st-stuttering
I'm not listening

Don't say you're s-s-sorry
Don't say you a-a-apologize
No way I've heard your stories
and boy you can't disguise your t-t-elling eyes

Don't say you're g-g-gonna change. No way,
you're p-p-playing games. To late.
I can see whats happening
You're telling lies. You're st-st-stuttering.
(T-T-today junior, come on)

Picture this, I'll be erasing you.
Off my list and the replacing you (quickly)
Leave you with the past, don't trick me.
Baby you can kiss my ..
A-a-ask me once to clean the slate
But burn me twice and that's you're final plate

Test me and you'll be out the door
Baby rest assured, I'm not about to take no more
If you think that you're smoothing it over with with words
Well it's just not happening

But I just can't believe you with all that I've heard
Stuttering, I'm not listening

Don't say you're s-s-sorry
Don't say you a-a-apologize
No way I've heard your stories
and boy you can't disguise your t-t-elling eyes

Don't say you're g-g-gonna change. No way,
you're p-p-playing games. To late.
I can see whats happening
You're telling lies. You're st-st-stuttering
.

I close my eyes and dream about the way things could have been

But it's no surprise when I wake up and see those things there

Don't..Yeah

Don't say

Don't say

There's no way There's no way

Why do you stutter?

Don't say you're s-s-sorry

Don't say you a-a-apologize

No way I've heard your stories

and boy you can't disguise your t-t-elling eyes

Don't say you're g-g-gonna change. No way,

you're p-p-playing games. To late.

I can see whats happening

You're telling lies. You're st-st

Gotta get over (yeah yeah)

and not have to wonder (yeah yeah)

If it's just a little (yeah yeah)

Then why do you stutter? (yeah yeah)

St-St-Stutter

Don't say you're s-s-sorry

Don't say you a-a-apologize (Tell me, tell me why)

No way I've heard your stories

and boy you can't disguise your t-t-elling eyes

Don't say you're g-g-gonna change. No way,

you're p-p-playing games. To late.

I can see whats happening (Why do you stutter?)

You're telling lies...
