You're No Good (But I Like It)

Wild Orchid

Don't worry about me, don't worry about you Cuz everything you do, boy I've done too Don't worry about me, don't worry about you Cuz everything you do, boy I've done too A little bit of Heaven, and a little bit of Hell You know the words to say and you say it well I know your little secret, I know your little lie So go on tell me I'll believe your alibi.

You set the stage and you're playing a part, But I've always known who you really are. So intellectual

Chorus: You're no good You're no good Baby, you're no good

I'm gonna say it again You're no good You're no good You're no good

Baby, you're no good, but I like it

A little bit of torture, a little bit of peace And your demeanor covers your real need I hear your little whisper, I hear your little sigh But are you bored with all those social butterflies

I'll give my life, just lay in the dark Cuz I've always known who you really are So intellectual You're no good You're no good Baby, you're no good

I'm gonna say it again You're no good You're no good You're no good

Baby, you're no good, but I like it

I know it's wrong, it feels so right This candle burns without a light The fire feeds my hunger for your open door And just a little more You're no good You're no good Baby, you're no good

I'm gonna say it again

You're no good You're no good You're no good, but I like it
