

I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying

Might think I'm mad but I'm saying no  
Personality colorful like a rainbow  
Girls checking me out cause I'm a hot boy  
Said they want to see me out stage show  
Can't believe I'm here in the mainstream  
It's not a daydream, I run the A-Team  
A-listed, they missed it, yeah yeah, I get playlisted  
I'm in the city like double yellow lines  
If you pay a fine late you'll be doubling a fine  
I'm gettin' money but I'm double in my mind  
When I wasn't gettin' it I would double up on the crime  
But now it's all good, I'm on a path with it  
Do a song, have a joke, have a laugh with it  
I ain't out here saying what its gonna be  
No way cause I'm back where I wanna be (back!)

I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be-  
I'm back where I wanna be-

Heatwave [?], I'm mentally ill  
Life it looks good but its all uphill  
Till you get a brainwave and you forget the meal  
Forget the deals but remember bills  
And it's all in the sky like a parachute  
I had a good heart when I never had a yout  
So when I had another yout and I was like oh God  
Got to work hard off for this other yout  
That's why I did turn up to the cover shoots  
Open minded taken advice from a stylist  
She was like "have a look, here try this"  
I just cycle through, like a cyclist  
Played the system, gained the wisdom

Target the fans, I don't miss them  
I ain't out here saying what its gonna be  
No way cause I'm back where I wanna be

I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying

I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be-

Anytime I get on a riddim I'm gonna kill it  
You could put me in a race and I bet you  
I'm gonna win it, win it  
I bet you I'm gonna win it  
You could put me in a race and I bet you  
I'm gonna win it  
Anytime I get on a riddim I'm gonna kill it  
You could put me in a race and I bet you  
I'm gonna win it, win it  
I bet you I'm gonna win it  
You could put me in a race and I bet you  
I'm gonna win it

Winning is a state of mind I love winning  
Don't take a look on the beach I love women  
So many walking around the clubs filling  
So many pics are taken when I'm chillin'  
Can't do it all but still I gotta try  
This the life I chose, the life I'm living  
I ain't out here saying what its gonna be  
No way cause I'm back where I wanna be

I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying  
I'm back where I wanna be, flying
