

Nothing About Me

Wiley

yeah,
its eskiboy,
playtime is over,
right now its a little bit like,
a little london lesson like,
whats it like in london?
what are we like in london?
ill tell you what i was like.
ya get me?
hold tight all my LON people.
yeah its eskiboy.
Yo,
since i was younger i was playing around in a plug socket
the profit margin went up like a rocket,
older try to clap they want red
some give up and and feel they've gotta stop it
but not me i keep riding
im on a van but i cant stop driving
im not hiding,
i just wanna be well prepared for the day we start fighting
see me with a few shower man youll run like
ill run from my life as.
swinging against bare man in the club
didnt realise i was getting stabbed with a knife
im still here, thank god im still alive
yeah people going like a rudeboy would
se me in the shudz where the girls look goods
where there mum cooks good
there aunts look good
i feel at home when i roll deep in da hood.
You dont nothing about me
im pushing this prison life round
and im not gunna stop
have to leave my legacyyyy
got nothing to lose,
ima keep pushing through
you dont know nothing about me
Pushing this prison life round
and im not gunna stop
ill have to leave my legacyyy
got nothing to lose,
ima keep pushing through.
since i was young i've learnt something
walk to your enemy
whats the beef over, nothing
if i had a reason to have beef with you
i would just do it so your just bluffing,
see if im real ill show you
wileys not a street killer
if i do anytime i guess you'll be the one ducking
been strong so many times now so no rushing

the bars i write they've got meaning,
think they can test boy better know there dreaming
man might bust his head off the ceiling
when im in a race i spray bars
i dont cheat i deserve to be weening

when you here the name grime
yeah,
i am the meaning i brought my whole team in
now its a reality there aint no more dreaming
You dont nothing about me
im pushing this prison life round
and im not gunna stop
have to leave my legacyyyy
got nothing to lose,
ima keep pushing through
you dont know nothing about me
Pushing this prison life round
and im not gunna stop
il have to leave my legacyyy
got nothing to lose,
ima keep pushing through.

ill have to leave my legacyyy
got nothing to lose,
ima keep pushing through.
