

Crazy Love

Will Downing

Everything that I do
See I do it for you
Cause I'm crazy in love with you
It's been awhile a lone long time
Since I had someone like you
To do what you do
To me

Its evident just how I feel
Since you came in my life
Everything seems just right
To lose you would be a damn shame
The thought of you no in my life
Would drive me insane

Everything that I do
See I do it for you
Cause I'm crazy in love with you
CRAZY LOVE

I welcome you with open arms
You're my everything
My best friend in this world

Everything that I do
See I do it for you
Cause I'm crazy in love with you
You fill that void
You touch my soul
Never a love that's so sweet
So addictive to me

You are
My anything and everything
Your by beginning and end
You're my closest friend
To lose you would be a damn shame
The thought of you no in my life
Would drive me insane

Your everything I've been
Longing for praying for wishing for
In my life
You are my everything
My sun my rain
My joy my pain
And that's why I'm crazy
