

# Heart Of Mine

Will Downing

## VERSE 1

The makeup you wear  
When your doing your eyes  
The sway of your dress  
When you walk has me hypnotized  
The touch of your legs  
When we're laying in bed  
The touch of your hand  
When you gently rub my head

## Chorus

You hold a special place in this Heart of Mine  
You hold a special place I call Love Divine  
You hold a special place in this Heart of mine  
You hold a special place I call Love Divine

## VERSE 2

The smell of your hair  
When I'm holding you close  
The sound of voice  
When we're on the telephone  
The way that you look  
In your sexy Lingerie  
The way that you kiss me in that special way

## Chorus

You hold a special place in this Heart of Mine  
You hold a special place I call Love Divine  
You hold a special place in this Heart of mine  
You hold a special place I call Love Divine
