

By the ocean smiling, on my special Island, gentle breezes
The sun and sand and surf and sea, called you here to me
I'll be waiting for you baby
You'll forget about time, where the earth meets the sky
Here's the question, Don't you want to get away?
To my hideaway I'll be waiting
Some people say love is fantasy
If you fly away with me, we can make it real
Come and spend some time on my Island
My Island

There's no point avoiding, love can be rewarding
Take a chance, on paradise not far away
At my hideaway, I've been wanting you forever
Should true loving do you, I can give that to you
You're the reason everyday I wait to see
Where you're gonna be, always wanting ohhh
Some people say love is fantasy
If you fly away with me, we can make it real
Come and spend some time on my Island
My Island
All you need is to believe

If you open up, I'll fulfill your every need
I can give you love on my Island
My Island
Some people say love is fantasy
If you fly away with me, we can make it real
Come and spend some time on my Island

My Island
All you need is to believe
If you open up, I'll fulfill your every need
I can give you love on my Island
On my Island
Come and go (shum my way)
Shum my way (shum my way)
Shum my way I (shum my way I)
Ooh
I'm gonna give you love, I'm gonna show you love on my Island
On my Island
Shum my way (shum my way)
Shum my way, (oooh)
Shum my way I
I'm gonna give you love, I'm gonna give you love on my Island
On my Island
I'll show you the sun and sand (shum my way)
The moon and the stars (shum my way)
And everything you want (shum my way I)
I'm gonna show you love on my Island
