

Just A Game

Will Downing

If you're not in love with me
Why do you pretend to be?
Could it be it's all
Just a game to you?

I put all of my faith in you
Trying to be what you wanted me to
Still it seems it's all
Just a game to you

I've tried hard to understand it
I don't know whether or not you planned it
Can't you see that love is
Made for two?

If you go I won't regret
Won't spend time trying hard to forget
I'll just know it was all
Just a game to you

I've tried hard to understand it
Oh no, I don't know whether or not you planned it
Can't you see that love is
Made for two

That love is made for two
That love is made for two
But it's all just a game to you
