

# Maybe

Will Downing

Hey, you know I was thinking about  
Maybe taking tomorrow off  
No, no, I'm cool, this is not that dig  
I just wanted to do something different  
You know, something for me

Just take some time and forget about time  
You know what I mean, I was thinking that maybe we  
Yeah, I did say we could get together  
And just do something spontaneous

Do that one thing that you've always wanted to do  
But you haven't done because your schedule won't permit you to  
Now think about it, it can be anything that you want  
Anything that your heart desires  
I was thinking that maybe we could get together, maybe

Maybe we can just get away  
Maybe lay in bed for a day  
Maybe take a walk in the park  
Baby, we can do whatever you want

Picture I had a way just to short fly away  
We could spend all day in the sun just you and me baby  
I could just stay at home but it's just not much fun alone  
You could spend half of your day here in my arms  
These loving arms just for one day, let's get away, let's get away, baby

Maybe I can steal you away  
Sip some coffee at the cafe  
Maybe we can talk for awhile  
Anything you want baby

Maybe I can sit and look at your smile  
Maybe you can come to my place  
Picture you and white lingerie  
I'd love to photograph you if that's okay

Baby we can make love  
Baby we can make love  
Maybe, yes maybe

Maybe babe, maybe babe  
Maybe babe, maybe babe  
Maybe baby

Maybe we can make love  
Baby, we can make love  
Maybe baby, baby
