

Nights Over Egypt

Will Downing

There's a sky in the East over pyramids and giza
Where there once lived a girl she ruled the world
Then down the night he came with a smile
He was the king she was queen under the moonlight
Your eyes won't believe what your mind can't conceive
Nights over Egypt nights over Egypt nights over Egypt

Incense will burn girls last word to the music
Nights over Egypt

Women feel the heat with veils to be seen by no one

Take a caravan across the sand
Sarah for [?] it's just a mirage
Oasis in the sand where life once began under the moonlight
Your eyes won't believe what your mind can't conceive
Nights over Egypt nights over Egypt nights over Egypt
Nights over Egypt nights over Egypt nights over Egypt
Nights over Egypt nights over Egypt
