

Carousel

Will Hoge

See her walking alone
In this city of heartache and stone
She finds her way down to
Where she once found all her dreams

She doesn't understand why
Something she'd given her
Heart to could die
But that's just the way it works out
They say it's alright

She's coming back down
This carousel ride has stopped spinning round
She wants to say she's sorry and stay
But it's too late now
This carousel ride has shut down

Fingertips trace the lines
Pens and papers recall the good times
But clocks they do run
And change what's been done say goodbye

She's coming back down
This carousel ride has stopped spinning round
She wants to say she's sorry and stay
But it's too late now
This carousel ride has shut down

And I want you to come
With me tonight
I don't know if it's real
But it surely feels right

She's coming back down
This carousel ride has stopped spinning round
She wants to say she's sorry and stay
But it's too late now

She's coming back down
This carousel ride has stopped spinning round
She wants to say she's sorry and stay
But it's too late now
This carousel ride has shut down
This carousel ride has shut down
