

## Oh Mr. Barnum

Will Hoge

You told us all that this would be the biggest show that we had ever seen  
You said it would be huge, the greatest of all time  
That everybody here could have everything that they'd ever dreamed  
But now the crowd is getting restless thinkin' that you lied

And the ringmaster is gone  
It's just a clown down here all alone  
Oh Mr. Barnum, won't you please take your circus back home

It seems your big Top Ten ain't large as you said that it would be  
And all the things you said that we'd see inside are gone  
No strongman, no dancing bears, nobody swinging on trapeze  
It's just one bearded lady down here to tell us nothing's wrong

The ringmaster is gone  
It's just a clown down here all alone  
Oh Mr. Barnum, won't you please take your circus back home

It's your pride leading us to a fall  
And you just act like it don't matter at all  
Oh Mr. Barnum won't you please take your circus back home

The Ringmaster is gone  
It's just a clown down here all alone  
Oh Mr. Barnum won't you please take your circus back home

We wanted to believe you but now  
We just want you to get out of town  
Oh Mr. Barnum, won't you please take your circus  
Oh Mr. Barnum, won't you please take your circus  
Oh Mr. Barnum, won't you please take your circus back home
