

## Hopes & Fears

Will Young

You don't take care of me like you should  
Gotta help me out,  
I'm losing my mind without a doubt!

Hopes and fears  
Bring us all to tears  
Babe, this will tear us apart  
I don't even know what you want

There ain't no way of knowing  
If we are coming or going  
You just do what you want  
There ain't no way of knowing  
If we are coming or going  
You're telling me what I want to hear

Hopes and fears  
Bring us all to tears  
Babe, this will tear us apart  
I don't even know what you want

Hopes and fears  
Bring us all to tears  
They'll bring us to our knees,  
So, baby won't you please, let go!  
Let go!
