

If That's What You Want

Will Young

I don't like to think that I'm predictable
When I'm loved by somebody
I feel like a man
You know its kinda hard

To stop a waterfall when it just keeps coming
'Cause you care
And you got to let go
When your heart is on fire

And its hard to say no
Chorus
You can do anything now to me
If that's what you want

Baby I'll get it
If that what you do
Let's do it
If that's what you need

Baby just take it
Now your in a position to light my ignition
If that is what you want
I've been blown away

By a hurricane
But hey I'm still standing
And I come back for more
Hit me with your love

I can take the pain
'Cause your so demanding
Lay me down on the floor
And you got to let go

When your heart is on fire
And its hard to say no
Repeat Chorus
Bridge

Never stopped learning from the day that I was born
Now let me tell you
You taught me where I was going wrong
No I can't do without it

I'm gonna do something about it
Repeat Chorus
Baby baby I'll get it
If that's what you do let's do it
If that's what you need
Now your in the position to sooth my condition
If that is what you want
