

# The Whipping Haus

William Control

Take off your clothes,  
Welcome to the Whipping Haus,  
Where we spend all our evenings,  
And we hurt those deceiving,  
And we're safe from the outside world looking in,  
And we're safe from the outside world giving in.

Now slow it down,  
I want the pain to last all night,  
And this chain faster wrap around,  
And my shame falls unto the ground,  
Now we're safe from the outside world looking in,  
And we're safe I think the outside worlds looking grim.

If you come tonight, you will find love,  
If you close your eyes, you will find love,  
If you open your heart and just stay,  
The Whipping Haus trades sex for slaves.

Here comes the end,  
All choked on vomit sex again,  
Thank you for coming,  
I want to thank you for coming,  
And we're safe from the outside world looking in,  
And we're safe I think the outside worlds looking grim.

If you come tonight, you will find love,  
If you close your eyes, you will find love,  
If you open your heart and just stay,  
The Whipping Haus trades sex for (human) slaves
