Good Understanding

Willie Dixon

Now, when you see two women Runnin' hand in hand And neither one a-worried About the other one's man

They got a good understandin' Yes, a good understandin' You know a good understandin Can make ev'rything alright

Now, when you see two dogs Nawin' on the same bone It ain't no growlin' An a-fightin' goin' on

They got a good understandin' Yes, they got a good understandin' You know a good understandin Can make ev'rything alright

(sax & instrumental)

Now, when the lamb and the lion Can lay side by side An rover lick the tom cat In his eye

They got a good understandin' Yes, they got a good understandin' You know a good understandin Can make ev'rything alright

Yes, a good understandin Can-a make ev'rything alright.
