

I Let My Mind Wander

Willie Nelson

I let my mind wander
And what did it do?
It just kept right on goin'
Until it got back to you
I let my mind wander

Can't trust it one minute
It's worse than a child
Disobeys without conscience
It's drivin' me wild
When I let my mind wander

Try to keep my mind busy
On thoughts of today
But invariably memories
Seem to lure it away

My lonely heart wonders
If there'll ever come a day
When I can be happy
But I can't see no way
'Cause I let my mind wander

I try to keep my mind busy
With thoughts of today
But invariably mem'ries
Seem to lure it away

My lonely heart wonders
If there'll ever come a day
When I can be happy
But I can't see no way
'Cause I let my mind wander
