

# Up Tight Good Woman

Wilson Pickett

I want a good woman  
A good, yeah mighty good woman  
Now, she don't have to have a pretty face  
Just two lovin' arms to keep me safe  
A little woman with courage and pride  
A good little woman, yeah, stand by my side

I want a good woman  
A down right and up tight woman  
Or no woman at all, whoa-whoa-whoa-oh, whoa now

Now, all you girls, know what I'm talkin' about  
I'm talkin' about someone to come home to  
Yes, I'm talkin' about a woman that gives a man a lot of inspiration and power  
Girls, I'm talkin' about a woman that know deep down in her heart that every minute of the hour I need her lovin'  
Yes, I'm talkin' about a woman with a whole lot of soul

I want a good woman  
A down right and up tight woman  
Or no woman at all, whoa, whoa-whoa
