

## After All This Time

Winger

If I said that I need you  
Will it make you feel right  
If I say I still believe in you  
That you still shine a light  
Down on my soul  
And I'm still finding comfort that...

After all this time  
Your lovin still feels right  
I still need ya  
I still believe in ya  
After all this time

Through all the year's gone by  
I still look at you  
And never wonder why  
You still treat me right  
And I'm still finding comfort

After all this time  
Your lovin still feels right  
I still need ya  
I still believe in ya  
After all this time  
After all this time
