State of Emergency

Winger

Rough boy
Too touch to fall in love
I never break down
Always seem to hurt someone

I turn and try to run--too late
She's breaking me down
It's over when I see her face
You know I can't find my way out

Emergency!!
First time love's got a hold on me
Emergency!!
A state of emergency

Shut down
In the web of a modern girl
You take your chances
When the fear inside is real

I turn and try to run--too late
She's breaking me down
It's over when I see her face
You know I can't find my way out

Emergency!!
First time love's got a hold on me
Emergency!!
A state of emergency---Oh!!!!
