

## A Coming Storm (Intro)

### Winterstorm

The forgotten tale has begun  
A legend of a never seen force  
Sleeping in the mystic mountains  
A force to change the world  
A power of icy winds,  
Deepest fog,  
Crushing thunder  
and  
Flaming fire  
Now come, come you six brave warriors  
And bring together the lost artifact  
Awake the frozen dragon  
And see the unbaaned force  
The force of the Winterstorm!
