

# Cube of Infinity

Winterstorm

Ancient masters of life  
Once created a powerful device  
Some were searching but never did find  
Always hidden from curious eyes

Cube of Infinity - shine  
Cube of Infinity - melt the snow

What is the purpose that they ever build it  
Who has the power to build such a thing  
Infinity in a shell of a die-form  
Royal blood is the admission price  
Cube of Infinity

Cube of Infinity - shine  
Open your gates for me - melt the snow away  
Cube of Infinity - shining to bring the truth back  
Open your gates for me - let me feel your power

How can we use all the might from the inside  
How can we set the interior free  
All this might without any access  
All we have is the mysterious key

Look at the dice, look at the dice - glowing  
Look at the skies, look at the skies - falling  
Look at the dice, look at the dice - glowing  
Look at the skies, look at the skies - falling  
See the device, see the device - unfolding  
Blood is the price, blood is the price - pay it  
See the device, see the device - unfolding  
Blood is the price, blood is the price - pay it
