

# I Wanna Be Somebody

Witchery

Originally performed by W.A.S.P.  
You say you don't want to run and hide  
A face that no one knows  
And everyone you meet  
You're going to show  
You're nobody's slave  
Nobody's chains are holding you  
You hold your fist up high  
And pride too  
Oh, you've just got to be  
Up high where the  
Whole world is watching you and me  
Cause I...  
I've got the guts to be somebody!  
To cry out

I want to be somebody  
Be somebody soon

You say you don't want to starve  
Well, take the table crumbs and go!  
You don't want to take your feed at all?  
You don't want no 9 to 5 job  
Fingers to the bone  
You don't want the rock piles dirty  
Go! Oh, you've just got to be...  
Up high where the whole world's  
Watching you and me  
Cause I...  
I've got the guts to be somebody!  
To cry out

I want to be somebody  
Be somebody soon

I want shiny pots  
And dirty  
And lots of rock and roll  
I will live in vain  
And die in flames  
I'm never getting old
