

The Other Half (Of Me)

Within Temptation

Over the hills lies a new beginning
Over the hills
Over the hills there is a way I know it
Over the hills

(You can't brighten at the gloom)
Your heart is afraid and so empty
(You glorify the future)
Living in a different world than me
(This journey ends in death)
You are giving up so easily

You are the other half of me

Over the hills [x4]

(We are drifting apart)
Chilled to the marrow 'cause you don't want to go
(We've got a different wish at heart)
The Amulet guides us to other side
(When I go down, it's you who'll bleed)
I'm not scared to die, as long as I'm with you

You are the other half of me

Over the hills lies a new beginning
Over the hills
Over the hills there is a way I know it
Over the hills
