

Metal In My Head

Wizard

I'm sick of fucking boring work
I'm pretty much a giant dork
My liver craves a tasty beer
And closing time today is near

Can't concentrate on things to be done
I know I'm not the only one
Cause all that's spinning in my head
Is metal, metal, till I'm dead!

Cause there is:
Metal - in - my - head
No more than:
Metal - in - my - head
Exploding:
Metal - in - my - head
Forever:
Metal - in - my - head

After work I'm free, I'm done
It feels like I'm the chosen one
With pride I wear my metal-shirts
And bang my head until it hurts!

Vinyl, CD or streaming it
I do not care a single bit!
I close my eyes and suck it in
Is metal, metal, till I'm dead
