

# Wizard Until The End

Wizard

Trapped in my veins, trapped in my body  
Oh oh oh oh  
The battle I feel inside is bloody  
Oh oh oh oh

For years, the same fight  
No sleep till the end  
We keep our guitars high  
Feel the wind - the warriors are close

We live our dream - that's what we fight for  
Oh oh oh oh  
Nothing can stop us until we die  
Oh oh oh oh  
We remain strong  
So many envious on our way  
Oh oh oh oh  
But I let it out the power in me  
Oh oh oh oh

We are proud of ourselves  
Proud of you my friends  
Die by my sword poor enemy  
Wizard until the end

We live our dream - that's what we fight for  
Oh oh oh oh  
Nothing can stop us until we die  
Oh oh oh oh  
We remain strong  
So many envious on our way  
Oh oh oh oh  
But I let it out the power in me  
Oh oh oh oh

I can not exist without the sound  
The metal is calling  
Together we will shake the ground  
Here the wizards cry
