

## The National People's Scare

### Wolf Parade

Daughter, we stayed up all night. Hearts drowned in the hollow  
light And saved them where rotten bears stood Down there, there  
...

Dollar keeps me up at night Cars sound like a ruined choir And  
all the songs on God's radio Oh, why always

Thousand people scare was a lie Birds called the country bears  
over There, bear! Bear there! Bear there, bear there, bear ther  
e, bear there, Bear there, bear.....

Dollar, we stayed up all night Hearts drowned in the hollow ski  
es Saying down by the rotten bears Bear there then

Daughter keeps me up at night Cars sound like a ruined choir Th  
e sounds of God's radio, why?

Thousand people scare was a lie Birds caught the country bears  
over there, there, there, there. Bear there, bear there. Bear t  
here, bear there. Bear there! Bear there...
