

Up in Smoke

Wolfgang Gartner

I'm up in smoke
My mind's on fire
Implore your hands to the light
I'm up in smoke
Watch me by like the sky
It's a danger but beautiful sight
To me it's just us
Light me up
Tonight we'll learn to play with fire
Create the lust
I've combust
Tonight we'll learn to play with fire
Don't you know you my life
You create the rush
Fire fire fire

My mind's on fire
Implore your hands to the light
I'm up in smoke
Watch me by like the sky
It's a danger but beautiful sight
To me it's just us
Light me up
Tonight we'll learn to play with fire
Create the rush
I've Tonight we'll learn to play with fire
Don't you know you my life
You create the Fire fire fire

My mind's on fire
Implore your hands to the light
