

# Principle Of The Puppet Warfare

Wormrot

What war?!  
Freedoms of speech  
Are just f\*\*king words.  
Before you can voice it out,  
Gun points all around.  
Fucked up system  
Forcing young ones  
Lead to horrid suicide,  
Forcing humans on doing something  
Ended up losing a f\*\*king life.  
Principles of Puppet Warfare.  
Puppet warfare they control you  
Every single f\*\*king move,  
Clueless every single year  
And there is nothing we can do.  
Bullshit.  
Live and losing lives day by day,  
Obey or get caught, freedom?  
Don't even think about it.
