

# I Just Want You

WWE

Make up your mind  
Don't you want me like I?  
I wanna feel that  
Touch that haunts me every night  
It felt so right

I just want you, you know why  
I just want you, there's no hiding  
I just want you, do you want me?

So far away, another night alone  
Another day, another telephone call home  
But one day, I'm gonna find a way to  
I'll make you stay in my arms till ever after comes  
You are the one

I just want you, there's no denying  
I just want you, there's no hiding  
I just want you, do you want me?

Got a feelin' that it's time to make a change  
Got a feelin' that things can't stay the same  
I feel my heart losing control

Don't you want me to?

I just want you, you know why  
I just want you, I just want you  
Do you want me?

I just want you, you know why  
I just want you, I just want you  
Do you want me?

I just want you, I just want you  
I just want you, do you want me?
