

No Chance In Hell

WWE

No chance that's what 'cha got (ha ha yeah)
Up against a machine too strong
Greedy politicians buying souls from us are PUPPETS
You'll find your place in line
Now, tie a string around your finger now, boy
'Cause is just a matter of time

'Cause you got No chance, no chance in hell
You got no chance, no chance in hell
You got no chance, no chance in hell
You got no chance, no chance in hell, yeah

C'mon, c'mon, come and get it, come on
C'mon, c'mon, come and get it, come on
C'mon, c'mon, come and get it, come on
C'mon, c'mon, come and get it, come on

No chance that's... (yeah)

No chance, no chance in hell
You got no chance, no chance in hell
You got no chance, no chance in hell
You got no chance, no chance in hell, yeah
