

# Hurricane Age

Wynardtage

recall the years  
the easier days  
the strenght and the power  
the hurricane age

whatever we lives for  
would stay in our hearts  
dreaming of true men  
not sliding apart

it's all about urge  
it's all we create  
it's all about living  
the hurricane age  
it's all of outstanding  
it's all for that page  
the meaning of friendship  
the hurricane age

telling the stories  
or event to remind  
some slow fading ideals  
step back to their light

keeping the scenes  
from bleeding out fast  
drowning in moments  
adventures; we're just

it's all about time  
it's all about fate  
it's all about longing  
the hurricane age  
it's just in our minds  
in one special way  
the games that once brought us  
the hurricane age
