

Baby, Come Home

Wynette Tammy

Oh, baby come home
Baby come home
Oh, baby come home
Please come on home

I see your picture on every wall
Then I realize, that you're not here at all
Come on home now baby, come home

Well, I miss you so much
Come on home, come on home
I love you so much, come on home

All of these years were not all bad
'Cause, I'm so lonely I feel so sad
Oh, won't you come back baby?

Come back to me
And I hope that you still love me
Come on home now
Please come on home

Well, I miss you so much
Come on home, come on home
I love you so much, come on home

Well, all of those years were not all bad
'Cause, I'm so lonely I feel so sad
Oh, won't you come back baby?

I love you so much
Come on home
I love you so much
Come on home
