

With a Friend Like You (Who Needs a Lover)

Wynette Tammy

With a friend like you who needs a lover
Love is smarter what they hold on to
You give me room you give me comfort
So who needs a lover with a friend like you

You're always there when I really needs you
And that's more than I can say for all the loves I've known
And we can sit and talk about anything at all
When lover's guard what hits too close to home

With a friend like you who needs a lover
Love is smarter what they hold on to
You give me room you give me comfort
So who needs a lover with a friend like you

We come and go we got people talking
They don't seem to understand why we don't settle down
They see us with each other then they see us with another
If they ask me have to say I found

With a friend like you who needs a lover
Love is smarter what they hold on to
You give me room you give me comfort
So who needs a lover with a friend like you
So who needs a lover with a friend like you
