Yearning (To Kiss You)

Wynette Tammy

Yearning to be with the one I can't agree with yearning to hear you call my name

Like a fool I left you and now I can't forget you please forgiv e me take me back again

I'll never be the same without you darling you'll always be my everything

Now I'm yearning to kiss you oh darling how I miss you I wish that we could make commance sweetheart

Yearning to hold you and let my arms unfold you yearning to hear you call my name

Yearning to kiss you oh darling how I'll miss you oh how I wish you felt the same

I never knew how much you cared about me I thought you were foo \lim me

Oh how I wish you felt the same
