

# You Can Lead a Heart to Love (But You Can't Make It Fall)

Wynette Tammy

It was love at first sight when I looked into his eyes  
But he didn't feel the same no matter how I tried  
As the nights went slowly by and I sat waitin' by the phone  
I realized I'd fallen in alone

You can lead a heart to love but you can't make it fall  
You can lead a heart to love but you can't make it fall  
You can push and you can pull beat your head against the wall  
You can lead a heart to love but you can't make it fall

Half crazy in love not knowin' where to turn  
Too afraid to jump from a bridge you couldn't burn  
Though the ships kept driftin' by with the love that'd set me f  
ree  
My broken heart just wouldn't let me see

You can lead a heart to love but you can't make it fall  
You can lead a heart to love but you can't make it fall  
You can push and you can pull beat your head against the wall  
You can lead a heart to love but you can't make it fall

It was love at first sight when he looked into my eyes  
But I couldn't feel the same no matter what he tried  
There's a fire that's still burnin' the flames won't let me go  
Soon he'll learn what I already know

You can lead a heart to love but you can't make it fall  
You can lead a heart to love but you can't make it fall  
You can push and you can pull beat your head against the wall  
You can lead a heart to love but you can't make it fall

You can lead a heart to love but you can't make it fall  
You can lead a heart to love but you can't make it fall  
You can push and you can pull beat your head against the wall  
You can lead a heart to love but you can't make it fall

You can lead a heart to love but you can't make it fall  
You can lead a heart to love but you can't make it fall  
You can push and you can pull beat your head against the wall  
You can lead a heart to love but you can't make it fall
