

# All Of That Love From Here

Wynonna Judd

I can see a cotton field  
An old man working in the mill  
I can see loadin' the trunk of my old blue Oldsmobile  
I see the tears in my mama's eyes  
When she kissed her baby goodbye  
I can still feel all of that love from here

I can see the cotton sheets  
They're swingin' in the wind, out swingin' in the wind  
I close my eyes and my mind flies  
And I'm right back home again  
I'm right back home and  
I can get lost while I'm chasing my dreams  
I find my way 'cause my heart has wings  
And I can still feel all of that love from here

I was raised on love's foundation  
The Rock of Ages goes unshaken  
The faith and hope that was given to me is stronger than the blackjack tree  
My mama taught me how to stand alone  
She let me go but she still holds on  
And I can still feel all of that love from here

I can see the cotton sheets  
They're swingin' in the wind, out swingin' in the wind  
I close my eyes and my mind flies  
And I'm right back home again  
I'm right back home and  
I can get lost while I'm chasing my dreams  
I find my way 'cause my heart has wings  
And I can still feel all of that love from here
