

Our Lives Have Changed

Wynonna Judd

You know I love you
And for the most part I probably always will
Don't you see
All the space between?
We're not the same
People we used to be
OUR LIVES HAVE CHANGED

My inner guidance
Keeps telling me
There is a piece missing
It's difficult to explain
Because I've loved you
From the very beginning
Oh, but honey
OUR LIVES HAVE CHANGED

How do you start over
From the very beginning?
We have changed
And OUR LIVES HAVE CHANGED

You should know
How you have hurt me
Every time you took
A new young love In my heart
I tried to be forgivig
Now, I have a new love
OUR LIVES HAVE CHANGED
