

# Love Hard

WZRD

What you gon say to me?  
Hmm you wanna tell me something?  
Then let it please be true  
Now what you want from me?  
Nevermind don't say a thing to me  
I wanna see whats in your eyes  
See them never lie  
Hmm will I be satisfied?  
Will you complete my life?  
The blueprint of peace  
The solution of love  
I found you, now will you be true?

Ohh if you love soft, then you've already lost  
But ohh if you love hard, you should let down your guard  
And follow your heart, follow your heart, follow your heart, follow y  
our heart

Nananana now what would you say to me?  
Girl if you get mad at me and we lost our groove  
Would you build me up?  
Ohh just to break me down  
I need me some stability  
I need consistency  
Then when you promise me  
I promise I'll upgrade your life  
The blueprint of peace  
And the solution of love  
I can protect you, if you protect me too

Ohh if you love soft, then you've already lost  
But ohh if you love hard, you should let down your guard  
And follow your heart, follow your heart, follow your heart, follow y  
our heart

Yeah  
Do you love me?  
No wait tell me, do you love me?  
Yeah

Love hard  
Love hard  
Ohh if you love hard  
Ohh if you love hard

Ohh if you love soft, then you've already lost  
But ohh if you love hard, you should let down your guard  
And follow your heart, follow your heart, follow your heart, follow y  
our heart
