I Want You

X-Perience

I want you to want me for all that I am I will always praise you again and again I want you to love me for all that I am I won't ever leave you I'll do all I can for you

You are a damn good-looking man you are the one to survive the crown of creation we are still alive I hang on to your words believing whenever you say no hate and no harm will come my way

I want you to want me for all that I am I will always praise you again and again I want you to love me for all that I am I won't ever leave you I'll do all I can for you

You are the one to take me home I turn my face to the sun you never would go and leave the needies alone I keep the faith of being sheltered wherever I pray no hate and no harm will come my way

I want you to want me I want you to love me

I want you to want me for all that I am I will always praise you again and again I want you to love me for all that I am I won't ever leave you I'll do all I can for you
