

House Sparrow

Xiu Xiu

defrock human
no one stole you
day light murder
from your front room
distilled violent
keep safe
please God!
i got away pedophile
i made it into my own little
Christian school
flung far thy serial will to kill
i got away i got away
drip drip spatter
sparkle glasses
decayed panties
grow up and be good!
i got away lustmord
i made it into my own little
Sacramento
flung far thy thick unconvertible need
i got away i got away
i got away pedophile
i made it into my own little
Christian school
flung far thy serial will to kill
i got away i got away
i got out Richard Chase
i made it to my pink and padlocked door
flung far your thirst to destroy me
i got away i got away
