

Sad Pony Guerilla Girl

Xiu Xiu

You say I am a looker
Because I am a girl
You say I'm stupid
Because I am your girl

Leave me out on the steps
Dress me up like a boy
Say I am your secret love
Say to be quiet, but I want to tell the whole world

I like my neighborhood
I like my gun
Driving my little car
I'm your girl and I will protect you

I like my neighborhood
I like my gun
Driving my little car
I'm your girl and I will protect you

Get into the back of my little car
Pull up my pants and fix my bra
Go on home, go home to your kids
I'm not gonna be quiet, I'm gonna tell the whole block

I like my neighborhood
I like my gun
Driving my little car
I'm your girl and I will protect you

I like my neighborhood
I like my gun
Driving my little car
I'm your girl and I will protect you

I like my neighborhood
I like my gun
Driving my little car
I'm your girl and I will protect you
