

The Fabrizio Palumbo Retaliation

Xiu Xiu

Lean against the stove
Leave it glowing in the dark
Push my hand to the coil
It is burnt now
Forever
Cherry blossoms fall
And for a minute there
I have the will to live
But then the cuckoo cries
Hey hey hey hey
You constantly aspire
To be the first your pierce
Your dagger into fondness
It will hurt now
Forever
Cherry blossoms fall
And for a twinkle there
I have the will to live
But then gomorrah calls
"caterpillar girl
Here you are"
Cherry blossoms melt
And for a weekend there
I have the will to go on
But then it fades to
Pink
Pink
Pink
Pink
Pink
Pink
Pink
