Please talk to me
Silk and silver
And wrap me in
Amber and earth
Find me soon
Where still waters run deep
I'll be by the moonstone
You find me soon
'Cause I'm walking on glass
I'll wait by the Moonstone

Searchlights
Guide your way
Sink into skin and bone
Searchlights
Show the place
And shine into my face

Oh discover me
Let sirens sing
Flow to me
Angel and flame
Fill my veins
With this poison of love
I'll be by the Moonstone

Speak to me
Colours of love
You find me soon
And break down the walls
I'll wait by the Moonstone
