Xov

When did you get so weak? (oh honey)  
What happened to those childish dreams? (oh honey)  
When did all the bridges burn? (oh honey)  
What made you stop and turn? (oh honey)

You overthink and you wonder  
Why was I struck with thunder  
Tell me what I've done, why am I the one

Stop telling yourself you're worthless (no)  
Stop telling yourself you've lost  
Stop telling yourself you're hurting (no)  
This makes you who you are

I heard you lost the love (oh honey)  
And that you're giving up (oh honey)

You overthink and you wonder  
Why was I struck with thunder  
Tell me what I've done, why am I the one

Stop telling yourself you're worthless (no)  
Stop telling yourself you've lost  
Stop telling yourself you're hurting (no)  
This makes you who you are

Chaos (oh honey)  
(not again, all again, I lost another friend, not again, all again)  
(oh honey)
