

# Paradise

Xov

Your silhouette in the far everywhere that I go  
You disappear in the dark, you're like my shadow  
And I can feel your presence in the air (tell me if you're there)

Sometimes I swear I can hear you clear  
Smile through life  
Smile, smile, smile

I say, I say  
Oh my my my, we can meet in paradise  
Each time we close our eyes

I, I say, I say  
Oh my my my, we can meet in paradise  
Each time we close our eyes

I, I say, I say, oh

The memories of our past, they give me power  
I will live, I will laugh, I'll make you prouder  
And I can feel your presence in the air (tell me if you're there)  
Sometimes I swear I can hear you clear  
Smile through life  
Smile, smile, smile

I say, I say  
Oh my my my, we can meet in paradise  
Each time we close our eyes

I, I say, I say  
Oh my my my, we can meet in paradise  
Each time we close our eyes

I, I say, I say, oh

Tell me if you're there, sometimes, tell me [x3]  
Tell me if you're there

My my my, we can meet in paradise  
Each time we close our eyes

I, I say, I say, oh  
Tell me if you're there sometimes, tell me [x3]  
Tell me if you're there
