

Held back in chains  
Losing their way  
Do you know?  
Do you know?  
What freedom means  
They got no dreams, anymore, now

Darling, I'm a free child  
My momma raised me in the wild  
I said darling, I'm a free child  
My momma raised me in the wild

This world wants too much from me  
I gave it everything  
It's modern slavery  
It's modern slavery  
My brother, he lies to me  
I know 'bout everything  
It's modern slavery  
It's modern slavery

It's such a waste  
All this hate  
Do you know?  
Do you know?  
What happened [?]  
It's not in [?] not at all, now

Darling, I'm a free child  
My momma raised me in the wild  
I said darling, I'm a free child  
My momma raised me in the wild

This world wants too much from me  
I gave it everything  
It's modern slavery  
It's modern slavery  
My brother, he lies to me  
I know 'bout everything  
It's modern slavery  
It's modern slavery

What you want from me?  
What you want from me?  
What you want from me?

What you want from me?  
What you want from me?  
What you want from me?

Darling, I'm a free child  
My momma raised me in the wild  
I said darling, I'm a free child  
My momma raised me in the wild
