

We Created a Monster

Yashin

Another silent night
I find I can't turn off the lights
Another silent night
I've been awake all of my life
Can you take me away?
(Can you take me away?)
Where I can dream?
(Where I can dream?)
Can you take me away?
(Can you take me away?)
Where I can dream?
Where I can dream?
Where I can dream?
(And I will never sleep)
Can you take me away?
Where I can dream?
