

Hypnotised

Years & Years

I had a dream of a ship that was sailed in the night
Such a sweet, sweet call
The siren soothes my mind
Who am I going to be when the curtain is drawn?
In the cold, cold light they whisper to me, "take it all"

Ooh-ooh-ooh
The fortune said
Flowers bloom with no regret

Surround me, body and soul
Pull me into your glow, make me blush
Unbound me, spin me in gold
As the story unfolds in your touch

Ooh-ooh-ooh-ooh
Who can breathe me into life?
Ooh-ooh-ooh-ooh
Just one more look at you
My heart has been hypnotized

I know a place where it's always so perfect and blue
And the boy says
Babe, believe me, it's all for you

Ooh-ooh-ooh
The fortune said

Flowers bloom with no regret
(With no regret)

Surround me, body and soul
Pull me into your glow, make me blush
Unbound me, spin me in gold
As the story unfolds in your touch

Ooh-ooh oh ooh
Who can breathe me into life?
Ooh-ooh oh ooh
Just one more look at you
My heart has been hypnotized

And every color comes to life
As petals fall before your eyes
You kiss me and I'm hypnotized

Surround me, body and soul
Pull me into your glow, make me blush
Unbound me, spin me in gold
As the story unfolds in your touch

Ooh-ooh oh ooh
Who can breathe me into life?
Ooh-ooh oh ooh
Just one more look at you
My heart has been hypnotized
